

Dear Families,

Your child has been selected to participate in Title I Reading. Every **Monday, Tuesday, Thursday, and Friday**, your child will bring home a take-home packet. Inside the take-home packet you will find a lesson sheet for your child to read. This will be something we have worked on multiple times and will be a review.

Each day use the following routine:

1. Please have your child read the words on the top half of the page, read through the word list 2 times. Ask your child to write one of the words without looking at the sheet; if she misspells the word have her cross out the word and copy it correctly. Do this for 5-6 words. Then have your child practice reading the story by herself 2 times. If she misreads a word, correct it and have her begin the sentence again. Finish up by reading the story together. Encourage smooth reading using eyes and voice to read without the use of a pointing finger.
2. Initial a box on the take-home work card to indicate your child has completed his or her reading assignment. Please initial **only once each day** your child completes his packet.

To encourage additional reading at home, your child will have the opportunity to select a book to keep each time she completes the take home work card! Thank you for your active participation in this skill reinforcement! We are looking forward to watching your child grow as a reader through this program!

Thank you,

Mrs. Conklin
